

Dear clients,

corona is not over yet and still remains a very important topic. The number of people who are infected with coronavirus in Göppingen is currently very high. Please protect your family and friends as well as us integration managers by getting tested for coronavirus regularly once a week. The test is for free and takes only about 10 minutes.

Before you come to us for advice, we would urgently ask you to take a „corona quick test“ in the Civic House (Kirchstraße 11) or at the other places that offer „corona quick tests“. You can take the test either one day before you visit us or on the same day you visit us.

You can book the fast Corona test here: <https://www.testzentrum-goepingen.de/termin-vereinbaren/> .

If you are unable to book the appointment yourself, we are happy to help you. Please give us a call.

Please come to the consultation only if you got tested "negative" for coronavirus.

Thank you very much!

Your
